Summary

AI Engineer Fresher focusing on Computer Vision and applied deep learning, with hands-on experience building end-to-end pipelines for image classification, object detection, YOLO and OCR tasks.

Projects

Vietnamese Scene Text OCR

2026 – Present

Personal Project

- Developed a Vietnamese scene text recognition system based on the VietOCR architecture.
- Fine-tuned a CNN + Transformer recognition model on a Vietnamese signboard dataset, using a VGG encoder pretrained on ImageNet.
- Performed data preprocessing, including text normalization and image augmentation, to support training.
- Built training, evaluation, and inference scripts for the OCR pipeline.

Vietnamese Money Detection

2026 – Present

Personal Project

- Developed a Vietnamese currency detection system using YOLOv8n and YOLO11n.
- Self-collected and labeled a custom dataset, published on Roboflow for reproducibility.
- Benchmarked YOLO variants against MobileNet with comparative confusion matrix analysis.

Human Detection using YOLOv8

2026 – Present

Personal Project

- Developed a real-time human detection system using YOLOv8 (Ultralytics) for image and video inputs.
- Achieved 68.2% mAP@50 and 40.4% mAP@50–95 on the validation set, with 80.7% precision and 57.7% recall.

X-ray Pneumonia Classification

2025

Personal Project

- Developed a deep learning pipeline for pneumonia classification from chest X-ray images.
- Implemented and compared a custom CNN and a ResNet-based model for image classification.
- Achieved 92.63% accuracy with ResNet and 91.51% with the custom CNN model.

Technical Skills

Vibe Coding

Programming Languages: Python, C++, Java, React JS, Spring Boot

Frameworks & Libraries: PyTorch, YOLO, OpenCV, Hugging Face Transformers

DevOps & Tools: Docker, Git, Postman, LaTeX

Databases: MySQL, MariaDB, Vector Database

Education

Thuy Loi University

Bachelor of Information Technology

GPA: 3.32 / 4.0

Ho Chi Minh City, Vietnam

2022 – 2026

Certificates

Vietnam National Student Mathematics Olympiad

2025

Credential: [View Certificate](#)

Languages: English (Fluent), Vietnamese (Native)
